

## 42 U.S. Code § 280j-3

---

### Quality improvement program for hospitals with a high severity adjusted readmission rate

---

#### **(a) Establishment**

##### **(1) In general**

Not later than 2 years after March 23, 2010, the Secretary shall make available a program for eligible hospitals to improve their readmission rates through the use of patient safety organizations (as defined in section 299b-21(4) of this title).
