

42 U.S. Code § 283e

Plan for use of animals in research

(a) Preparation

The Director of NIH, after consultation with the committee established under subsection (e), shall prepare a plan—

- (1) for the National Institutes of Health to conduct or support research into—
 - (A) methods of biomedical research and experimentation that do not require the use of animals;
 - (B) methods of such research and experimentation that reduce the number of animals used in such research;
 - (C) methods of such research and experimentation that produce less pain and distress in such animals; and
 - (D) methods of such research and experimentation that involve the use of marine life (other than marine mammals);
