

42 U.S. Code § 285s

Purpose of Institute

(a) General purpose

The general purpose of the National Human Genome Research Institute (in this subpart referred to as the “Institute”) is to characterize the structure and function of the human genome, including the mapping and sequencing of individual genes. Such purpose includes—

- (1) planning and coordinating the research goal of the genome project;
- (2) reviewing and funding research proposals;
- (3) developing training programs;
