

42 U.S. Code § 286c

Purpose, establishment, functions, and funding of National Center for Biotechnology Information

(a) Establishment

In order to focus and expand the collection, storage, retrieval, and dissemination of the results of biotechnology research by information systems, and to support and enhance the development of new information technologies to aid in the understanding of the molecular processes that control health and disease, there is established the National Center for Biotechnology Information (hereinafter in this section referred to as the “Center”) in the National Library of Medicine.
