

# 42 U.S. Code § 294p

---

## Training for health care providers

---

### **(a) Grant program**

The Secretary shall establish a program to award grants to accredited schools of allopathic medicine, osteopathic medicine, and nursing, and other health professional training programs for the training of health care professionals to improve the provision of prenatal care, labor care, birthing, and postpartum care for racial and ethnic minority populations, including with respect to perceptions and biases that may affect the approach to, and provision of, care.
