

42 U.S. Code § 300ff-88

Definitions

For purposes of this subchapter:

(1) AIDS

The term “AIDS” means acquired immune deficiency syndrome.

(2) Co-occurring conditions

The term “co-occurring conditions” means one or more adverse health conditions in an individual with HIV/AIDS, without regard to whether the individual has AIDS and without regard to whether the conditions arise from HIV.

(3) Counseling

The term “counseling” means such counseling provided by an individual trained to provide such counseling.

(4) Family-centered care

The term “family-centered care” means the system of services described in this subchapter that is targeted specifically to the special needs of infants, children, women and families. Family-centered care shall be based on a partnership between parents, professionals, and the community designed to ensure an integrated, coordinated, culturally sensitive, and community-based continuum of care for children, women, and families with HIV/AIDS.
