

# 42 U.S. Code § 300x-23

---

## Intravenous substance use

---

### **(a) Capacity of treatment programs**

#### **(1) Notification of reaching capacity**

A funding agreement for a grant under section 300x-21 of this title is that the State involved will, in the case of programs of treatment for intravenous substance use disorders, require that any such program receiving amounts from the grant, upon reaching 90 percent of its capacity to admit individuals to the program, provide to the State a notification of such fact.
