

42 U.S. Code § 2021b

Definitions

For purposes of sections 2021b to 2021j of this title:

(1) Agreement State

The term “agreement State” means a State that—

- (A) has entered into an agreement with the Nuclear Regulatory Commission under section 2021 of this title; and
- (B) has authority to regulate the disposal of low-level radioactive waste under such agreement.

(2) Allocation

The term “allocation” means the assignment of a specific amount of low-level radioactive waste disposal capacity to a commercial nuclear power reactor for which access is required to be provided by sited States subject to the conditions specified under sections 2021b to 2021j of this title.

(3) Commercial nuclear power reactor

The term “commercial nuclear power reactor” means any unit of a civilian light-water moderated utilization facility required to be licensed under section 2133 or 2134(b) of this title.
