### Interagency review of applications for the transfer of United States civil nuclear technology

---

#### **(a) Annual reports on transfers to covered foreign countries**

At the same time as the President submits to Congress the annual budget request under section 1105 of title 31 for a fiscal year, the Secretary of Energy shall submit to the appropriate congressional committees a report that includes—

- (1) a description of the authorizations under section 2077(b) of this title to transfer United States civil nuclear technology to a covered foreign country during the preceding year; and
- (2) a statement of whether any agency required to be consulted under that section or pursuant to regulation objected to or sought conditions on each such transfer.

#### **(b) Determination of technologies to be protected**

##### **(1) In general**

Not later than 90 days after November 25, 2015, and every five years thereafter, the Secretary of Energy shall —

- (A) in consultation with the Secretary of State, the Secretary of Commerce, the Secretary of Defense, the Director of National Intelligence, and the Nuclear Regulatory Commission, determine the critical United States civil nuclear technologies that should be protected from diversion to a military program of a covered foreign country, including with respect to a naval propulsion or weapons program; and
- (B) notify the appropriate congressional committees with respect to the determination and the technologies covered by the determination.
