

42 U.S. Code § 2641

Congressional declaration of purpose

(a) The Congress finds that (1) certain communities and areas in the Nation are presently burdened by substantial unemployment and underemployment and have failed to share fully in the economic gains of the recovery from the recession of 1960–1961 and (2) action by the Federal Government is necessary, both to provide immediate useful work for the unemployed and underemployed in these communities and to help these communities, through improvement of their facilities, to become more conducive to industrial development and better places in which to live and work. The Nation has a backlog of needed public projects, and an acceleration of these projects now will not only increase employment at a time when jobs are urgently required but will also meet longstanding public needs, improve community services, and enhance the health and welfare of citizens of the Nation.
