
7 U.S. Code § 3125a-1

Agricultural and food law research, legal tools, and information

(a) Partnerships

The Secretary of Agriculture, acting through the National Agricultural Library, shall support the dissemination of objective, scholarly, and authoritative agricultural and food law research, legal tools, and information by entering into cooperative agreements with institutions of higher education (as defined in section 1001 of title 20) that on February 7, 2014, are carrying out objective programs for research, legal tools, and information in agricultural and food law.
