

7 U.S. Code § 3178

Nutritional status monitoring

(a) Formulation of system

The Secretary and the Secretary of Health and Human Services shall formulate and submit to Congress, within ninety days after September 29, 1977, a proposal for a comprehensive nutritional status monitoring system, to include:

- (1) an assessment system consisting of periodic surveys and continuous monitoring to determine: the extent of risk of nutrition-related health problems in the United States; which population groups or areas of the country face greatest risk; and the likely causes of risk and changes in the above risk factors over time;
