

7 U.S. Code § 4533

Issuance of order

(a) Publication in Federal Register; public comment; submission

After receipt of a proposed dairy products research order, the Secretary may publish such proposed order in the Federal Register and shall give notice and reasonable opportunity for public comment on such proposed order. Such proposed order may be submitted by an organization certified under section 4505 of this title or by any interested person affected by the provisions of subchapter I.
