

15 U.S. Code § 1141f

Effect of filing a request for extension of protection of an international registration to the United States

(a) Requirement for request for extension of protection

A request for extension of protection of an international registration to the United States that the International Bureau transmits to the United States Patent and Trademark Office shall be deemed to be properly filed in the United States if such request, when received by the International Bureau, has attached to it a declaration of bona fide intention to use the mark in commerce that is verified by the applicant for, or holder of, the international registration.
