## Remedies respecting banned hazardous substances

---

### **(a) Notice to protect public; form and contents**

If any article or substance sold in commerce is defined as a banned hazardous substance (whether or not it was such at the time of its sale) and the Commission determines (after affording interested persons, including consumers and consumer organizations, an opportunity for a hearing) that notification is required to adequately protect the public from such article or substance, the Commission may order the manufacturer or any distributor or dealer of the article or substance to take any one or more of the following actions:

- (1) To give public notice that the article or substance is a banned hazardous substance.
- (2) To mail such notice to each person who is a manufacturer, distributor, or dealer of such article or substance.
- (3) To mail such notice to every person to whom the person giving the notice knows such article or substance was delivered or sold.

An order under this subsection shall specify the form and content of any notice required to be given under the order.
