

15 U.S. Code § 772

Administrator's information-gathering power

(a) Comprehensive and particular energy information; categorical groupings; monitoring activity and policy guidance

The Administrator shall collect, assemble, evaluate, and analyze energy information by categorical groupings, established by the Administrator, of sufficient comprehensiveness and particularity to permit fully informed monitoring and policy guidance with respect to the exercise of his functions under this chapter.

(b) Information and data to Administrator from owners or operators of facilities or business premises engaged in energy matters

All persons owning or operating facilities or business premises who are engaged in any phase of energy supply or major energy consumption shall make available to the Administrator such information and periodic reports, records, documents, and other data, relating to the purposes of this chapter, including full identification of all data and projections as to source, time, and methodology of development, as the Administrator may prescribe by regulation or order as necessary or appropriate for the proper exercise of functions under this chapter.
