

# 15 U.S. Code § 2601

---

## Findings, policy, and intent

---

### **(a) Findings**

The Congress finds that—

- (1) human beings and the environment are being exposed each year to a large number of chemical substances and mixtures;
- (2) among the many chemical substances and mixtures which are constantly being developed and produced, there are some whose manufacture, processing, distribution in commerce, use, or disposal may present an unreasonable risk of injury to health or the environment; and
- (3) the effective regulation of interstate commerce in such chemical substances and mixtures also necessitates the regulation of intrastate commerce in such chemical substances and mixtures.
