

15 U.S. Code § 3103

National Employment Conference

(a) Organization and implementation

A National Employment Conference may be convened in the District of Columbia within a reasonable period of time after October 27, 1978. Responsibility for the organization and implementation of this conference shall rest with the President or the appropriate department or agency of the Federal Government, and the conference shall bring together leaders of small and larger business, labor, government, and all other interested parties.
