

15 U.S. Code § 5502

Purposes

The purposes of this chapter are to help ensure the continued leadership of the United States in networking and information technology and its applications by—

- (1) supporting Federal research, development, and application of networking and information technology in order to—
 - (A) expand the number of researchers, educators, and students with training in networking and information technology and access to networking and information technology resources;
 - (B) promote the further development of an information infrastructure of data bases, services, access mechanisms, and research facilities available for use through the Internet;
 - (C) stimulate research on and promote more rapid development of high-end computing systems software and applications software;
 - (D) accelerate the development of high-end computing systems and subsystems;
 - (E) provide for the application of networking and information technology to Grand Challenges;
 - (F) invest in basic research and education, and promote the inclusion of networking and information technology into educational institutions at all levels; and
 - (G) promote greater collaboration among government, Federal laboratories, industry, high-end computing centers, and universities;
