

21 U.S. Code § 1036

Pasteurization and labeling of egg products at official plants

(a) Contents of label

Egg products inspected at any official plant under the authority of this chapter and found to be not adulterated shall be pasteurized before they leave the official plant, except as otherwise permitted by regulations of the Secretary, and shall at the time they leave the official plant, bear in distinctly legible form on their shipping containers or immediate containers, or both, when required by regulations of the Secretary, the official inspection legend and official plant number, of the plant where the products were processed, and such other information as the Secretary may require by regulations to describe the products adequately and to assure that they will not have false or misleading labeling.
