

# 21 U.S. Code § 2102

---

## Ensuring the safety of pet food

---

### **(a) Processing and ingredient standards**

Not later than 2 years after September 27, 2007, the Secretary of Health and Human Services (referred to in this chapter as the “Secretary”), in consultation with the Association of American Feed Control Officials and other relevant stakeholder groups, including veterinary medical associations, animal health organizations, and pet food manufacturers, shall by regulation establish—
