
21 U.S. Code § 360b-1

Priority zoonotic animal drugs

(a) In general

The Secretary shall, at the request of the sponsor intending to submit an application for approval of a new animal drug under section 360b(b)(1) of this title or an application for conditional approval of a new animal drug under section 360ccc of this title, expedite the development and review of such new animal drug if preliminary clinical evidence indicates that the new animal drug, alone or in combination with 1 or more other animal drugs, has the potential to prevent or treat a zoonotic disease in animals, including a vector borne-disease, that has the potential to cause serious adverse health consequences for, or serious or life-threatening diseases in, humans.
