

## 40 C.F.R. § 35.10015

---

### Application process.

---

- (a) Each fiscal year for which budget authority is made available by Congress, the EPA shall publish a Federal Register notice to solicit letters of interest for credit assistance called a Notice of Funding Availability. Such notice will specify the relevant due dates, the estimated amount of funding available to support WIFIA credit instruments for the current and future fiscal years, contact name(s), and other details for submissions and funding approvals.
- (b) Public and private applicants for credit assistance under this part will be required to submit letters of interest to the EPA in order to be selected by the Administrator to submit an application.
