
40 C.F.R. § 35.3540

Requirements for funding set-aside activities.

- (a) *General.* If a State makes a grant or enters into a cooperative agreement with an assistance recipient to conduct set-aside activities, the recipient must comply with 2 CFR part 200 and the EPA general assistance regulations in 2 CFR part 1500.
- (b) *Set-aside accounts.* A State must maintain separate and identifiable accounts for the portion of its capitalization grant to be used for set-aside activities.
- (c) *Workplans—(1) General.* A State must submit detailed annual or multi-year workplans to EPA for approval describing how set-aside funds will be expended. For the administration and technical assistance set-aside under § 35.3535(b), the State is only required to submit a workplan describing how it will expend funds needed to provide technical assistance to public water systems. In order to ensure that funds are expended efficiently, multi-year workplan terms negotiated with EPA must be less than four years, unless a longer term is approved by EPA.
