

40 C.F.R. § 35.514

Amendments and other changes.

The following provisions govern amendments and other changes to grant work plans and budgets after the work plan is negotiated and a grant awarded.

- (a) *Changes requiring prior approval.* The recipient needs the Regional Administrator's prior written approval to make significant post-award changes to work plan commitments. EPA, in consultation with the recipient, will document approval of these changes including budgeted amounts associated with the revisions.
