
40 C.F.R. § 49.128

Rule for limiting particulate matter emissions from wood products industry sources.

- (a) *What is the purpose of this section?* This section limits the amount of particulate matter that may be emitted from certain wood products industry sources operating within the Indian reservation to control ground-level concentrations of particulate matter.
- (b) *Who is affected by this section?* This section applies to any person who owns or operates any of the following wood products industry sources:
- (1) Veneer manufacturing operations;
 - (2) Plywood manufacturing operations;
 - (3) Particleboard manufacturing operations; and
 - (4) Hardboard manufacturing operations.
- (c) *What are the PM₁₀ emission limits for wood products industry sources?* These PM₁₀ limits are in addition to, and not in lieu of, the particulate matter limits for combustion sources and process sources.
