
40 C.F.R. § 52.247

Control Strategy and regulations: Fine Particle Matter.

- (a) *Determination of Attainment:* Effective February 8, 2013, EPA has determined that, based on 2009 to 2011 ambient air quality data, the San Francisco Bay Area PM_{2.5} nonattainment area has attained the 2006 24-hour PM_{2.5} NAAQS. This determination suspends the requirements for this area to submit an attainment demonstration, associated reasonably available control measures, a reasonable further progress plan, contingency measures, and other planning SIPs related to attainment for as long as this area continues to attain the 2006 24-hour PM_{2.5} NAAQS. If EPA determines, after notice-and-comment rulemaking, that this area no longer meets the 2006 PM_{2.5} NAAQS, the corresponding determination of attainment for that area shall be withdrawn.
- (b) *Determination of Attainment:* Effective February 11, 2013, EPA has determined that, based on 2009 to 2011 ambient air quality data, the Yuba City-Marysville PM_{2.5} nonattainment area has attained the 2006 24-hour PM_{2.5} NAAQS. This determination suspends the requirements for this area to submit an attainment demonstration, associated reasonably available control measures, a reasonable further progress plan, contingency measures, and other planning SIPs related to attainment for as long as this area continues to attain the 2006 24-hour PM_{2.5} NAAQS. If EPA determines, after notice-and-comment rulemaking, that this area no longer meets the 2006 PM_{2.5} NAAQS, the corresponding determination of attainment for that area shall be withdrawn.
- (c) *Determination of Attainment:* Effective August 14, 2013, EPA has determined that, based on 2010 to 2012 ambient air quality data, the Sacramento PM_{2.5} nonattainment area has attained the 2006 24-hour PM_{2.5} NAAQS. This determination suspends the requirements for this area to submit an attainment demonstration, associated reasonably available control measures, a reasonable further progress plan, contingency measures, and other planning SIPs related to attainment for as long as this area continues to attain the 2006 24-hour PM_{2.5} NAAQS. If EPA determines, after notice-and-comment rulemaking, that this area no longer meets the 2006 24-hour PM_{2.5} NAAQS, the corresponding determination of attainment for that area shall be withdrawn.
- (d) *Determination of Attainment:* Effective October 10, 2013, EPA has determined that, based on 2010 to 2012 ambient air quality data, the Chico PM_{2.5} nonattainment area has attained the 2006 24-hour PM_{2.5} NAAQS. This determination suspends the requirements for this area to submit an attainment demonstration, associated reasonably available control measures, a reasonable further progress plan, contingency measures, and other planning SIPs related to attainment for as long as this area continues to attain the 2006 24-hour PM_{2.5} NAAQS. If EPA determines, after notice-and-comment rulemaking, that this area no longer meets the 2006 24-hour PM_{2.5} NAAQS, the corresponding determination of attainment for that area shall be withdrawn.
