

40 C.F.R. § 52.790

Interstate pollutant transport provisions; What are the FIP requirements for decreases in emissions of sulfur dioxide?

- (a) The owner and operator of each source and each unit located in the State of Indiana and for which requirements are set forth under the CSAPR SO₂ Group 1 Trading Program in subpart CCCCC of part 97 of this chapter must comply with such requirements. The obligation to comply with such requirements will be eliminated by the promulgation of an approval by the Administrator of a revision to Indiana's State Implementation Plan (SIP) as correcting the SIP's deficiency that is the basis for the CSAPR Federal Implementation Plan under § 52.39 except to the extent the Administrator's approval is partial or conditional.
