

## 40 C.F.R. § 59.503

---

### What definitions apply to this subpart?

---

The following terms are defined for the purposes of this subpart only.

*Administrator* means the Administrator of the United States Environmental Protection Agency (EPA) or an authorized representative.

*Aerosol Coating Product* means a pressurized coating product containing pigments or resins that is dispensed by means of a propellant and is packaged in a disposable can for hand-held application, or for use in specialized equipment for ground traffic/marketing applications. For the purpose of this regulation, applicable aerosol coatings categories are listed in Table 1 of this subpart.

*Art Fixative or Sealant* means a clear coating, including art varnish, workable art fixative and ceramic coating, which is designed and labeled exclusively for application to paintings, pencil, chalk, or pastel drawings, ceramic art pieces or other closely related art uses, in order to provide a final protective coating or to fix preliminary stages of artwork while providing a workable surface for subsequent revisions.

*ASTM* means the American Society for Testing and Materials.

*Autobody Primer* means an automotive primer or primer surfacer coating designed and labeled exclusively to be applied to a vehicle body substrate for the purposes of corrosion resistance and building a repair area to a condition in which, after drying, it can be sanded to a smooth surface.

*Automotive Bumper and Trim Product* means a product, including adhesion promoters and chip sealants, designed and labeled exclusively to repair and refinish automotive bumpers and plastic trim parts.

*Aviation Propeller Coating* means a coating designed and labeled exclusively to provide abrasion resistance and corrosion protection for aircraft propellers.

*Aviation or Marine Primer* means a coating designed and labeled exclusively to meet federal specification TT-P-1757.

*Clear Coating* means a coating which is colorless, containing resins but no pigments except flattening agents, and is designed and labeled to form a transparent or translucent solid film.

*Coating Solids* means the nonvolatile portion of an aerosol coating product, consisting of the film-forming ingredients, including pigments and resins.

*Commercial Application* means the use of aerosol coating products in the production of goods, or the providing of services for profit, including touch-up and repair.

*Corrosion Resistant Brass, Bronze, or Copper Coating* means a clear coating designed and labeled exclusively to prevent tarnish and corrosion of uncoated brass, bronze, or copper metal surfaces.

---

*Distributor* means any person who purchases or is supplied aerosol coating product for the purposes of resale or distribution in commerce. Retailers who fall within this definition are distributors. Importers are not distributors.

*Enamel* means a coating which cures by chemical cross-linking of its base resin and is not resolvable in its original solvent.
