
40 C.F.R. § 60.1065

What must I include in my draft materials separation plan?

- (a) You must prepare and submit a draft materials separation plan for your municipal waste combustion unit and its service area.
- (b) Your draft materials separation plan must identify a goal and an approach for separating certain components of municipal solid waste for a given service area prior to waste combustion and making them available for recycling. A materials separation plan may include such elements as dropoff facilities, buy-back or deposit-return incentives, programs for curbside pickup, and centralized systems for mechanical separation.
