
40 C.F.R. § 60.2905

What are the operator training and qualification requirements?

- (a) No OSWI unit can be operated unless a fully trained and qualified OSWI unit operator is accessible, either at the facility or can be at the facility within 1 hour. The trained and qualified OSWI unit operator may operate the OSWI unit directly or be the direct supervisor of one or more other plant personnel who operate the unit. If all qualified OSWI unit operators are temporarily not accessible, you must follow the procedures in § 60.2911.
- (b) Operator training and qualification must be obtained through a State-approved program or by completing the requirements included in paragraph (c) of this section.
