

## 40 C.F.R. § 60.2932

---

### How do I demonstrate continuous compliance with the emission limitations and the operating limits?

---

- (a) You must conduct an annual performance test for all of the pollutants in table 1 of this subpart for each OSWI unit to determine compliance with the emission limitations. The annual performance test must be conducted using the test methods listed in table 1 of this subpart and the procedures in 60.2922.
