

40 C.F.R. § 60.610

Applicability and designation of affected facility.

- (a) The provisions of this subpart apply to each affected facility designated in paragraph (b) of this section that produces any of the chemicals listed in § 60.617 as a product, co-product, by-product, or intermediate, except as provided in paragraph (c) of this section.
- (b) The affected facility is any of the following for which construction, modification, or reconstruction commenced after October 21, 1983:
- (1) Each air oxidation reactor not discharging its vent stream into a recovery system.
 - (2) Each combination of an air oxidation reactor and the recovery system into which its vent stream is discharged.
 - (3) Each combination of two or more air oxidation reactors and the common recovery system into which their vent streams are discharged.
