

## 40 C.F.R. § 60.621

---

### Definitions.

---

As used in this subpart, all terms not defined herein shall have the same meaning given them in the Act and in subpart A of this part.

*Cartridge filter* means a discrete filter unit containing both filter paper and activated carbon that traps and removes contaminants from petroleum solvent, together with the piping and ductwork used in the installation of this device.

*Dryer* means a machine used to remove petroleum solvent from articles of clothing or other textile or leather goods, after washing and removing of excess petroleum solvent, together with the piping and ductwork used in the installation of this device.
