## 40 C.F.R. § 61.242-8

---

### Standards: Pressure relief services in liquid service and connectors.

---

- (a) If evidence of a potential leak is found by visual, audible, olfactory, or any other detection method at pressure relief devices in liquid service and connectors, the owner or operator shall follow either one of the following procedures, except as provided in § 61.242-1(c):
