## 40 C.F.R. § 1033.205

---

### Applying for a certificate of conformity.

---

- (a) Send the Designated Compliance Officer a complete application for each engine family for which you are requesting a certificate of conformity.
- (b) [Reserved]
- (c) You must update and correct your application to accurately reflect your production, as described in § 1033.225.
- (d) Include the following information in your application:
  - (1) A description of the basic engine design including, but not limited to, the engine family specifications listed in § 1033.230. For freshly manufactured locomotives, a description of the basic locomotive design. For remanufactured locomotives, a description of the basic locomotive designs to which the remanufacture system will be applied. Include in your description, a list of distinguishable configurations to be included in the engine family. Note whether you are requesting a certificate that will or will not cover idle controls.
  - (2) An explanation of how the emission control system operates, including detailed descriptions of:
    - (i) All emission control system components.
    - (ii) Injection or ignition timing for each notch (i.e., degrees before or after top-dead-center), and any functional dependence of such timing on other operational parameters (e.g., engine coolant temperature).
