
40 C.F.R. § 1037.130

Assembly instructions for secondary vehicle manufacturers.

- (a) If you sell a certified incomplete vehicle to a secondary vehicle manufacturer, give the secondary vehicle manufacturer instructions for completing vehicle assembly consistent with the requirements of this part. Include all information necessary to ensure that the final vehicle assembly (including the engine for vehicles other than trailers) will be in its certified configuration.
- (b) Make sure these instructions have the following information:
