

## 40 C.F.R. § 1037.243

---

### Demonstrating compliance with evaporative and refueling emission standards.

---

- (a) For purposes of certification, your vehicle family is considered in compliance with the evaporative and refueling emission standards in subpart B of this part if you prepare an engineering analysis showing that your vehicles in the family will comply with applicable standards throughout the useful life, and there are no test results from an emission-data vehicle representing the family that exceed an emission standard.
