What are the provisions for exempting engines used solely for competition?

The provisions of this section apply for new engines built on or after January 1, 2006.

- (a) Equipment manufacturers may use uncertified engines if the vehicles or equipment in which they are installed will be used solely for competition.
- (b) The definition of nonroad engine in 40 CFR 1068.30 excludes engines used solely for competition. These engines are not required to comply with this part, but 40 CFR 1068.101 prohibits the use of competition engines for noncompetition purposes.
