
40 C.F.R. § 1042.810

Requirements for owner/operators and installers during remanufacture.

This section describes how the remanufacturing regulations affect owner/operators and installers for engines subject to this subpart.

- (a) See the definition of “remanufacture” in § 1042.901 to determine if you are remanufacturing your engine. (Note: Replacing cylinders one at a time may qualify as remanufacturing, depending on the interval between replacement.)
- (b) See the definition of “new marine engine” in § 1042.901 to determine if remanufacturing your engine makes it subject to the requirements of this part. If the engine is considered to be new, it is subject to the certification requirements of this subpart, unless it is exempt under subpart G of this part.
