## 40 C.F.R. § 1051.340

---

### When may EPA revoke my certificate under this subpart and how may I sell these vehicles again?

---

(a) We may revoke your certificate for an engine family in the following cases:

(1) You do not meet the reporting requirements.

(2) Your engine family fails to comply with the requirements of this subpart and your proposed remedy to address a suspended certificate under § 1051.325 is inadequate to solve the problem or requires you to change the vehicle's design or emission-control system.
