

## 40 C.F.R. § 1054.615

---

### What is the exemption for engines certified to standards for Large SI engines?

---

- (a) An engine is exempt from the requirements of this part if it is in an emission family that has a valid certificate of conformity showing that it meets emission standards and other requirements under 40 CFR part 1048 for the appropriate model year.
- (b) The only requirements or prohibitions from this part that apply to an engine that is exempt under this section are in this section.
