

## 40 C.F.R. § 1060.205

---

### What must I include in my application?

---

This section specifies the information that must be in your application, unless we ask you to include less information under § 1060.201(c). We may require you to provide additional information to evaluate your application.

- (a) Describe the emission family's specifications and other basic parameters of the emission controls. Describe how you meet the running loss emission control requirements in § 1060.104, if applicable. Describe how you meet any applicable equipment-based requirements of § 1060.101(e) and (f). State whether you are requesting certification for gasoline or some other fuel type. List each distinguishable configuration in the emission family. For equipment that relies on one or more certified components, identify the EPA-issued emission family name for all the certified components.
