### How do I select emission families?

---

- (a) For purposes of certification, divide your product line into families of equipment (or components) that are expected to have similar emission characteristics throughout their useful life.
- (b) Group fuel lines into the same emission family if they are the same in all the following aspects:
  - (1) Type of material including barrier layer.
  - (2) Production method.
  - (3) Types of connectors and fittings (material, approximate wall thickness, etc.) for fuel line assemblies certified together.
- (c) Group fuel tanks (or fuel systems including fuel tanks) into the same emission family if they are the same in all the following aspects:
