

40 C.F.R. § 1068.201

General exemption and exclusion provisions.

We may exempt new engines/equipment from some or all of the prohibited acts or requirements of this part under provisions described in this subpart. We may exempt nonroad engines/equipment already placed in service in the United States from the prohibition in § 1068.101(b)(1) if the exemption for nonroad engines/equipment used solely for competition applies (see § 1068.235). In addition, see § 1068.1 and the standard-setting parts to determine if other engines/equipment are excluded from some or all of the regulations in this chapter.

- (a) This subpart identifies which engines/equipment qualify for exemptions and what information we need. We may require more information.
