## 40 C.F.R. § 1068.235

### Exempting nonroad engines/equipment used solely for competition.

---

The following provisions apply for nonroad engines/equipment, but not for motor vehicles or for stationary applications:

- (a) New nonroad engines/equipment you produce that are used solely for competition are excluded from emission standards. We may exempt (rather than exclude) new nonroad engines/equipment you produce that you intend to be used solely for competition, where we determine that such engines/equipment are unlikely to be used contrary to your intent. See the standard-setting parts for specific provisions where applicable. Note that the definitions in the standard-setting part may deem uncertified engines/equipment to be new upon importation.
