General labeling provisions.

The provisions of this part and the standard-setting part include a variety of labeling requirements. The following general provisions apply:

(a) *Permanent labels.* Where we specify that you apply a permanent label, you must meet the following requirements unless the standard-setting part includes other specific label requirements:

- (1) Attach the label so no one can remove it without destroying or defacing it.
- (2) Make sure it is durable and readable for the engine/equipment's entire life.
- (3) Secure it to a part of the engine/equipment needed for normal operation and not normally requiring replacement.
- (4) Write it in English.
- (5) Make the labels readily visible to the average person after all installation and assembly are complete.

(b) *Removable labels.* Where we specify that you apply a removable label, it must meet the following conditions:

- (1) You must attach the label in a way that does not allow it to be separated from the engine/equipment without a deliberate effort. Note that for exemptions requiring removable labels, the exemption no longer applies once the label is separated from the engine/equipment.
