
40 C.F.R. § 124.204

What must I do as the Director of the regulatory agency to prepare a draft standardized permit?

- (a) You must review the Notice of Intent and supporting information submitted by the facility owner or operator.
- (b) You must determine whether the facility is or is not eligible to operate under the standardized permit.
 - (1) If the facility is eligible for the standardized permit, you must propose terms and conditions, if any, to include in a supplemental portion. If you determine that these terms and conditions are necessary to protect human health and the environment and cannot be imposed, you must tentatively deny coverage under the standardized permit.
 - (2) If the facility is not eligible for the standardized permit, you must tentatively deny coverage under the standardized permit. Cause for ineligibility may include, but is not limited to, the following:
 - (i) Failure of owner or operator to submit all the information required under § 270.275.
