
40 C.F.R. § 127.27

Procedure for determining initial recipient of electronic NPDES information.

- (a) An authorized NPDES program must notify EPA by April 19, 2016 if it wishes EPA to be the initial recipient for a particular NPDES data group.
- (b) A state, tribe, or territory that seeks authorization to implement an NPDES program after March 21, 2016 must describe if it is requesting to be the initial recipient of electronic NPDES information from NPDES-regulated facilities for specific NPDES data groups. See 40 CFR 123.22(g) and appendix A to this part.
- (c) By July 18, 2016, EPA must publish on its Web site and in the Federal Register a listing of the initial recipients for electronic NPDES information from NPDES-regulated facilities by state, tribe, and territory and by NPDES data group. This listing must identify for NPDES-regulated facilities the initial recipient of their NPDES electronic data submissions and the due date for these NPDES electronic data submissions. EPA must update this listing on its Web site and in the Federal Register if a state, tribe, or territory gains authorization status to implement an NPDES program and is also approved by EPA to be the initial recipient of NPDES electronic data submissions for that program.
