

40 C.F.R. § 144.34

Emergency permits.

(a) *Coverage.* Notwithstanding any other provision of this part or part 124, the Director may temporarily permit a specific underground injection if:

- (1) An imminent and substantial endangerment to the health of persons will result unless a temporary emergency permit is granted; or
- (2) A substantial and irretrievable loss of oil or gas resources will occur unless a temporary emergency permit is granted to a Class II well; and
